

Due to continued growth in our Transport operation, NVD have several Shift Leader positions immediately available at our HGV maintenance workshop at Baldonnell, Dublin. The ideal candidate will have a " can do attitude " and good problem solving skills. This is a fantastic opportunity to develop your career with training from our City & Guilds Learning Centre and UCD Professional Academy.

Workshop Shift Leader / Supervisor

Works closely under the supervision of the Workshop Manager.

Jointly supervise and carry out a productive role in HGV planned maintenance, corrective repair events, CVRT fleet preparation, modification activities and after-hours breakdown management.

Closely monitor and assist with the trainee mechanics and general operative's skills development and performance.

Responsible for implementation and maintenance of our 5s workshop cleanliness standards.

Carry out quality control checks on both work in progress and completed jobs.

Provide technical advice and guidance to all staff.

Review KPI furnished data from the Workshop Manager, monitor KPI screens & work closely with staff to ensure all agreed KPI are met.

Maintain usage control on all equipment, spare parts and consumable items.

Attend daily brief with the Workshop Manager to report any issues and assist with the forward planning of the maintenance program.

Provide a stand-in cover for the Workshop Manager when necessary.

Successful candidates must hold a formal qualification ie; National Craft Certificate or City and Guilds Level 3 in vehicle repairs or equivalent and also have a minimum of 3 years post apprenticeship experience with the maintenance of HGV trucks and trailers.
